**Sylvia Bishop and Team Delta present their
Fiscal Framework, 2019-2022 for the City of Delta**

July 18, 2018 - Delta, B.C. - Delta residents and businesses, along with potential investors and others, can be confident that local-government finances will be in capable and steady hands following municipal elections on October 20, according to a Fiscal Framework, 2019-2022 released today by Sylvia Bishop, the mayoral candidate representing Team Delta.

“The City of Delta has an enviable fiscal record and we are determined to keep it that way,” said Bishop, who is seeking Delta’s mayoralty after serving two consecutive terms as a councillor.

“To that end, my Team Delta colleagues and I are taking the innovative step of pro-actively publishing a Fiscal Framework that outlines our local-government finances over the next council’s four-year term in office should we be successful at the polls on October 20.”

Team Delta’s 16-page Fiscal Framework reviews the city’s finances from 2011 to 2017, and then forecasts annual expenditures and revenues over the period from 2019 to 2022.

“Elected and un-elected officials working for the City of Delta have worked exceptionally hard in recent years and decades to provide stellar community services while maintaining low, affordable fees and tax-rates,” said Bishop.

“My Team Delta colleagues and I believe it is vitally important to continue that practice in the future, even as the composition of the council is certain to change after the local elections in October.”

In addition to Bishop, the Team Delta slate is composed of council veteran Robert Campbell, and a trio of newcomers: Joan Hansen, Kim Kendall and Simran Walia.

“Delta residents are justifiably proud of their city’s record of fiscal management and current financial condition,” said Bishop.

“Team Delta is committed to ensuring that both our new council and the city’s finances be consistent, reliable and accountable, and to that end we are pleased to provide local voters with a Fiscal Framework that outlines how we intend to govern.”
